

## Liquid Handling Pumps & Mixers

### ITT Goulds Pumps

Centrifugal Pumps, ANSI, Vertical Turbine & Sump Pumps

### Fybroc

Non-Metallic Centrifugal Process Pumps; ANSI, Mag Drive, Sump, Vertical Turbine

### Toyo / Hevvy Pumps

Slurry Pump - submersible, horizontal, custom, and cantilever Heavy Duty Slurry Pump

### Trillium

Roto-Jet (Pitot Tube) Wemco (Screw Flow & Torque Flow). WSB (Self Primer) Pump

### Dean Pumps

Centrifugal Process Pumps; API, ANSI, Mag Drive and High Temperature

### Leistritz

Screw Pumps; 2, 3, 4, & 5 Rotor Designs; API & Non-API Configurations

### Teikoku/Chempump

Sealless Centrifugal Canned Motor Pumps

### Vogelsang

Rotary Lobe Pumps, Wine Pump Carts, Twin Shaft Grinders, Macerators

## Nonmetallic Piping

### NOV Fiber Glass Systems

FGS Nonmetallic Piping and Fitting for Corrosion Resistant Applications

## Bulk Solids Handling Equipment

### FL Smidth

FK Pumps for Pneumatic Conveying, Airlides, Rotary Feeders & Diverter Valves

### FormPak

Material Handling Systems, Bulk Bag Fillers, Unloaders, Dump Stations, Flexible Screw Conveyors

### Westrup

Seed & Grain Conditioning, Process Mills & Gravity Decks

### Oliver

Gravity Decks for Density Separation, Destoners, Fluidized Bed Dryers, Seed Conditioning

### Pneu-Con

Central Powered Vacuum & Pressure Conveying Systems, Powder Receivers

### American Vacuum Co.

Portable & Multi-Operator Central System for Industrial Vacuum Cleaning

### PEBCO

Bulk Loading Spouts, Spout Positioners, Filter Modules, Bin Vents / Dust Collectors & AIRFLO Components

## Process Gas & Air Compressors

### FL Smidth

Positive Displacement Sliding Vane Compressors

### Corken

Reciprocating Compressors

## Blowers, Fans & Vacuum Pumps

### Distributor & Authorized Service Center

### PD Industrial Blowers

Positive Displacement Rotary Blowers & Vacuum

### Elmo Rietschle

Wide Performance Range Vacuum Pumps

### HOFFMAN & LAMSON

Single & Multistage Centrifugal Blowers

### Gardner Denver Nash

Liquid Ring Vacuum Pumps

### Welch Vacuum - Gardner Denver

High Vacuum Pump, Duo-seal Vacuum Pump, Single Stage Rotary Vane, Laboratory or Process

### Dresser Roots

Positive Displacement Rotary Blowers

### Tuthill

Positive Displacement Rotary Vacuum Pumps & Rotary Blowers

### Howden Industrial & Howden USA

Engineered Axial & Centrifugal Industrial Fans, FRP Cooling Fans Centrifugal

### Verantis Environmental

Odor control and air or corrosive gas handling

## Filtration & Noise Control

### Dollinger

Filtration Products for Air, Gas and Liquids

### CECO Flex-Kleen

Dust Controls, Bag Houses, Bin Vents, Filters & Rotary Air Locks

## Service & Repair

### Repair Center

10,000 Square foot repair center, Rebuild and Modification of Rotating Equipment; Vacuum Pumps, Centrifugal, both Vertical & Horizontal Pumps, Blowers, Gear Boxes, etc.

### Field Service

Factory Trained Technicians, Fully Equipped Service Vehicles available 24/7

## Packaged Systems

### Engineered Skid Mounted Systems

3D Modeling, Base Plates, Pre-Piped, Pre-Wired, Testing, ASME Welding, Control Systems, Class A Engineering Contractors License & complete "Turn Key" Packaged Systems

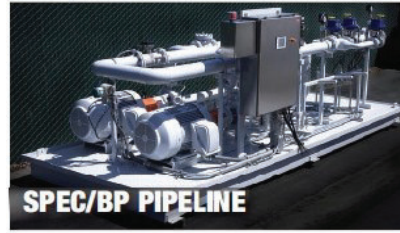

# Packaged System Applications

## Specific System Packages

- Vapor Recovery Units
- LACT Units (Custody Transfer)
- Automatic Well Testers (AWT's)
- Natural Gas Compressor Packages
- Instrumentation Air System Packages
- Nitrogen Generator Packages
- Railcar Loading and Unloading
- Process Gas Compressor Packages
- Pneumatic Conveying Systems

## General System Packages

- |                |              |               |
|----------------|--------------|---------------|
| · Metering     | · Gas Boost  | · Separation  |
| · Vacuum       | · Blanketing | · Cooling     |
| · Injection    | · Pigging    | · Transfer    |
| · Extraction   | · Mixing     | · Remediation |
| · Evaporation  | · Degassing  | · Loading     |
| · Filtration   | · Conveying  | · Compression |
| · Conditioning | · Hold Down  | · Aeration    |

## Capabilities

ISO 9001 Certified, & Class A Engineering Contractor

### DESIGN & INTEGRATION

Integrate New & Existing Equipment  
Equipment Selection & Specification  
Equipment & Piping Layout Design  
Functional & Performance Testing  
Instrumentation & Controls  
Sound Attenuation

### ENGINEERING

P&ID Drawings  
Solid Works 3D Modeling  
Project Management  
Process Evaluation  
Feasibility Studies  
System Startups  
Controls/System Integration

### FABRICATIONS

Pressure Piping-ASME B31.X  
Pressure Vessels – ASME Coded  
Structural Welding-AWS D1.1  
TIG, MIG, & Flux-Cored  
Hydrostatic Testing to 3000 PSIG  
Mag Particle, Dye Pen & Radiography
