

Packaged Systems

Engineered Skid Packaged Systems

3D Modeling, Base Plates,
Pre-Piped, Pre-Wired, Testing,
ASME Welding, Control Systems,
Class A Engineering Contractors
License & complete "Turn Key"
Packaged Systems

Service & Repair

Equipment Repair

10,000 Square foot repair center, Rebuild and
Modification of Rotating Equipment; Vacuum
Pumps, Centrifugal, both Vertical & Horizontal
Pumps, Blowers, Gear Boxes, etc.

Field Service

Factory Trained Technicians, Fully Equipped
Service Vehicles available 24/7

Blowers, Vacuum Pumps, & Fans

Gardner Denver Distributor & Authorized Service Center

PD Industrial Blowers

Positive Displacement Rotary Blowers & Vacuum

Elmo Rietschle

Wide Performance Range Vacuum Pumps

HOFFMAN & LAMSON

Single & Multistage Centrifugal Blowers

Gardner Denver Nash

Liquid Ring Vacuum Pumps

Dresser Roots

Positive Displacement Rotary Blowers

Tuthill

Liquid Ring, Dry Screw & Rotary Vane Vacuum Pumps
& Blowers

Howden Industrial

Engineered Axial & Centrifugal Industrial Fans, FRP
Cooling Fans Centrifugal

Verantis Environmental

Order control and air or corrosive gas handling

Filtration & Noise Control

Dollinger

Filtration Products for Air, Gas and Liquids

Process Gas & Air Compressors

Blackmer

Reciprocating Gas Compressors

FL Smidth

Positive Displacement Sliding Vane Compressors

Corken

Reciprocating Compressors

Nonmetallic Piping

NOV Fiberglass Systems

FGS Nonmetallic Piping and Fitting for
Corrosion Resistant Applications

Liquid Handling Pumps & Mixers

ITT Goulds Pumps

Centrifugal Pumps, ANSI, Vertical Turbine & Sump Pumps,
API, and Double Suction Pumps

Trillium

Roto-Jet (Pitot Tube) Wemco (Screw Flow & Torque
Flow). WSB (Self Primer) Pump

Toyo / Heavy Pumps

Slurry Pump - submersible, horizontal, custom, and
cantilever Heavy Duty Slurry Pump

Fybroc

Non-Metallic Centrifugal Process Pumps; ANSI, Mag
Drive, Sump, Vertical Turbine

Dean Pumps

Centrifugal Process Pumps; API, ANSI, Mag Drive and
High Temperature

Leistriz

Screw Pumps; 2, 3, 4, & 5 Rotor Designs; API & Non-API
Configurations

Teikoku/Chempump

Sealless Centrifugal Canned Motor Pumps

Viking Pump

Positive Displacement Rotary Gear, Lobe and Vane
Pumps

Philadelphia Mixing Solutions

Side-entry Mixers

Bulk Solids Handling Equipment

FL Smidth

FK Pumps for Pneumatic Conveying, Airlides, Rotary
Feeders & Diverter Valves

FormPak

Material Handling Systems, Bulk Bag Fillers, Unloaders,
Dump Stations, Flexible Screw Conveyors

Midwest

Loading spouts, positioners, filter modules, bin vents &
dust collectors.

Packaged System Applications

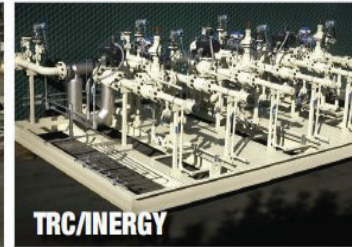

Specific System Packages

- Vapor Recovery Units
- LACT Units (Custody Transfer)
- Automatic Well Testers (AWT's)
- Natural Gas Compressor Packages
- Instrumentation Air System Packages
- Nitrogen Generator Packages
- Railcar Loading and Unloading
- Process Gas Compressor Packages
- Pneumatic Conveying Systems

General System Packages

- | | | |
|----------------|--------------|---------------|
| · Metering | · Gas Boost | · Separation |
| · Vacuum | · Blanketing | · Cooling |
| · Injection | · Pigging | · Transfer |
| · Extraction | · Mixing | · Remediation |
| · Evaporation | · Degassing | · Loading |
| · Filtration | · Conveying | · Compression |
| · Conditioning | · Hold Down | · Aeration |

Capabilities

ISO 9001 Certified, & Class A Engineering Contractor

DESIGN & INTEGRATION

Integrate New & Existing Equipment
Equipment Selection & Specification
Equipment & Piping Layout Design
Functional & Performance Testing
Instrumentation & Controls
Sound Attenuation

ENGINEERING

P&ID Drawings
Solid Works 3D Modeling
Project Management
Process Evaluation
Feasibility Studies
System Startups
Controls/System Integration

FABRICATIONS

Pressure Piping-ASME B31.X
Pressure Vessels – ASME Coded
Structural Welding-AWS D1.1
TIG, MIG, & Flux-Cored
Hydrostatic Testing to 3000 PSIG
Mag Particle, Dye Pen & Radiography
